## PREFATORY NOTE.

THE second volume of the *Records of Marischal College and University* extended to such length that it was felt by the Editorial Committee that the additional burden of two hundred pages of index matter would make it too ponderous, and that the members of the New Spalding Club would therefore appreciate its separate issue. To the frequent user there are many advantages in separation, which those who have had occasion to consult the *Aberdeen and Banff Collections* through the medium of the excellent index which the late Dr. George Grub prepared for the Spalding Club must acknowledge.

This is not an antiquary's index. Disused and abnormal orthographical forms of place names, although preserved in the Records, are here ignored altogether, and modern usage is alone represented. Old forms of personal surnames are inserted only for cross reference, and the less usual modern forms are merged in what has appeared to the compiler to be the more popular orthography. Except in one or two instances, where the meaning was obscure, the designations of parents are translated into English. Italics are employed to indicate offices and preferment in the University.

The compiler has kept in view that the value of an index is enhanced by every devisable facility for ready reference which can reasonably be employed. The necessary particulars in the editorial notes have therefore been combined with the records of the College, but, where individuals possess several descriptions, those only are introduced by which they are believed to be most recognisable. The method of display upon the printed page is novel and facile, but is not original. It was selected by Mr. P. J. Anderson, who observed its use in the *General Catalogue* of Harvard and of Yale.

The frontispiece depicts the old building of the College upon its abandonment to the housebreaker in 1840, shortly after it

had been visited by N. P. Willis, who made the pencilling that "the Alma Mater of Dugald Dalgetty is a curious and rather picturesque old place, half in ruins, and is about being pulled down".

Two other interesting illustrations, the cost of which was defrayed by the late Francis Edmond of Kingswells, LL.D., will be found at the end of the volume. The first is a reproduction in colour of the sketch made in 1833 by the late Alexander Dingwall Fordyce of the Heraldic Ceiling of the Public School in the old college. The original drawing was presented by the artist to the New Spalding Club, and a description of the armorial bearings will be found in vol. i., p. 119, of these Records. The second is a facsimile, from the original in possession of the University of Aberdeen, of the Charter granted by the "Old College" and the "New College" of "King Charles' University of Aberdeen," dated 30th November, 1656, illustrating in a very practical way their exercise of proprietary rights during the brief and ineffectual union which is described at p. 260 of the same volume.

It would be difficult to exaggerate the genealogical importance of the Registers of Alumni which are gathered into alphabetical arrangement in the following pages, and it is therefore to be regretted that a very large number of the men have not been identified. There must be in possession of the members of the New Spalding Club much information which would greatly increase the value of the records by supplying this deficiency, and the Secretary will gladly receive any communications on the subject. These will be duly noted in an interleaved copy of vol. ii., which will always be accessible for future research in Aberdeen University Library.

An extensive index is extremely liable to, and seldom free from, error, and the discovery as the volume passed through the press of several slips, indicates to the compiler that his work is not exceptional. The Secretary of the Club will feel obliged for information of any that may be detected.

## ELEVENTH REPORT BY THE COUNCIL.

*Approved at the Eleventh Annual General Meeting of the New Spalding Club, held on Wednesday, 29th December, 1897, at 2.30 p.m.*

DURING the year 1897 the Club has sustained severe losses through the death of members, including two of those engaged in preparing works to be issued by the Club.

A volume dealing with the Folklore of North-Eastern Scotland, to be edited by the Rev. Walter Gregor, LL.D., has been on the programme of the Club since its foundation in 1886. Towards the end of 1896 Dr. Gregor informed the Editorial Committee that he was now prepared to go to press, and accordingly a volume by him was included in the Tenth Annual Report of the Council as one of the prospective issues for 1897. After Dr. Gregor's lamented death in February last, the Secretary entered into communication with his representatives, but has not yet succeeded in obtaining the MS. The volume on Folklore has meantime been removed from the programme of the Club, and a rearrangement of the issues for 1896 and 1897 has thus been rendered necessary.

A volume dealing with the Place Names of Aberdeenshire, to be edited by Mr. James Macdonald, Huntly, has been on the programme of the Club for several years. Mr. Macdonald died in March last, bequeathing his MS. to his nephew, Mr. Charles Edward Troup, C.B., with instructions either to allow it to be printed as it stood or not at all. Mr. Troup reported that he

found the portion referring to West Aberdeenshire to be practically ready for the printer; that Professor Mackinnon of the Celtic Chair in Edinburgh University, whom he had consulted, had strongly advocated its publication; and that he, Mr. Troup, would gladly undertake to see his uncle's MS. through the press. The Editorial Committee have accordingly approved of the issue of Mr. Macdonald's work as a Club book, and a considerable portion is already in type.

Other members of the Club who have died during the past year are Mr. John H. Chalmers, Aberdeen; Mr. Alexander Cruickshank, LL.D., Aberdeen; Mr. A. W. Cumming, Dundee; Mr. William Duguid, Aberdeen; Mr. John Forrester, Edinburgh; Mr. Archibald A. Gordon, Edinburgh; Mr. James C. Howden, M.D., Montrose; the Rev. Professor James Legge, D.D., LL.D., Oxford; Mr. R. W. Cochran Patrick, of Woodside, Ayrshire, LL.D. (a life member); the Rev. George Peter, Kemnay; Mr. Alexander Profeit, Commissioner to Her Majesty, Balmoral; Mr. George Shaw, London; and Sir John Skelton, K.C.B., LL.D., Edinburgh. The vacancies thus created have not yet been all filled up, and a few applications for admission to membership of the Club can be entertained.

It was the intention of the Council, as set forth in the Tenth Annual Report, to consider the second volume of Colonel Allardyce's HISTORICAL PAPERS and the second volume of the Secretary's FASTI ACADEMIAE MARISCALLANAE as forming the issue for 1896; while Dr. Gregor's FOLKLORE and Mr. Bell's ALFORD RECORDS were to constitute the issue for 1897. Dr. Gregor's volume has had to be withdrawn as explained above; and the Secretary's volume much exceeds in bulk the amount of matter which can be regarded as equivalent to half of the yearly subscription. The Council accordingly propose to regard the HISTORICAL PAPERS, Vol. II., and the ALFORD RECORDS as the issue for 1896; and the FASTI ACADEMIAE MARISCALLANAE,

Vol. II., which will forthwith be in the hands of members, as the issue for 1897.

During 1898, as the issue for that year, the Council expect to be able to distribute :—

I.—THE PLACE NAMES OF WEST ABERDEENSHIRE. Edited by the late James Macdonald.

II.—RECORDS OF OLD ABERDEEN. Edited by Alexander M. Munro.

The issues for 1899 will probably be :—

III.—THE DIARY OF THE SCOTS COLLEGE AT DOUAL. Edited by the Rev. W. Forbes Leith, S.J.

IV.—HISTORICAL RECORDS OF INVERCAULD, including many papers relating to the Forty-five. Edited by the Rev. J. G. Michie, M.A.

Other works on the programme of the Club are :—

V.—BIBLIOGRAPHY OF THE SHIRES OF ABERDEEN, BANFF AND KINCARDINE. Edited by A. W. Robertson, M.A., and J. F. Kellas Johnstone. In accordance with a former recommendation by the Council, it has been decided to widen somewhat the scope of this work, the issue of which will accordingly have to be delayed beyond the date originally fixed upon.

VI.—REGISTER OF THE SCOTS COLLEGE AT ROME.

VII.—RECORDS FROM THE ARCHIVES OF MIDDELBURG, FLUSHING, CAMPVERE, ETC.

VIII.—HISTORY OF THE FAMILY OF BURNETT.

IX.—RECORDS OF THE SYNOD OF MORAY; with Fasti of Schoolmasters.

X.—PAPERS OF DAVID SKENE, M.D.

XI.—COLLECTIONS FOR THE HISTORY OF KINCARDINESHIRE.

- XII.—COLLECTIONS FOR THE HISTORY OF FORFARSHIRE.  
 XIII.—MISCELLANY OF THE CLUB. Vol. II.  
 XIV.—FASTI ACADEMIAE MARISCALLANAE. Vol. III.  
 XV.—MUSA LATINA ABERDONENSIS. Vol. III.  
 XVI.—HISTORY OF THE FAMILY OF FORBES.  
 XVII.—RECORDS OF THE RED, BLACK, WHITE AND GRAY  
 FRIARS OF ABERDEEN, 1211-1560.  
 XVIII.—ICONOGRAPHIA SCOTICA SEPTENTRIONALIS.

In accordance with a resolution of the Business Committee, proof impressions of the following thirty portraits, as reproduced for the Club volumes, have been presented to the Scottish National Portrait Gallery, and have been gratefully acknowledged by the Trustees: Pope Alexander VI.; Elizabeth, Queen of Bohemia; George, first Marquis of Huntly; George, second Marquis of Huntly; his Marchioness, Lady Anne Campbell; George, fourth Marquis of Huntly; George, fifth Earl Marischal; William, sixth Earl Marischal; his Countess, Lady Mary Erskine; John Gordon, Viscount Melgum; Sir James Crichton of Frendraught; his wife, Elizabeth Gordon; Field-Marshal James Edward Keith; Bishop Patrick Forbes; Bishop William Forbes; Bishop Gilbert Burnet; Principal Patrick Dun; Principal George Campbell; Robert Gordon of Straloch; William Forbes of Tolquhon; John Urquhart of Craigston; Duncan Forbes of Culloden; Arthur Johnston (two portraits); Dr. John Arbuthnot; Secretary Thomas Reid; Professor Thomas Reid; Professor James Gregory; Professor James Beattie; Sir James McGregor, M.D.

In the course of the proceedings of the Business Committee, Principal Sir Wm. D. Geddes, by leave of the meeting, introduced a proposal whereby, without any charge to the Club, and with no diminution of the value of their publications, a

considerable boon could be bestowed on the University, and more especially on the University Library. In explaining the proposal, the Principal took occasion to acknowledge in ample terms the great benefit already received by the University of Aberdeen in the publication by the Club of the valuable and splendid series of volumes exhibiting the records and Fasti of both its Colleges in a manner worthy of their distinguished history. A further benefit of an equally admirable kind might be obtained by an arrangement whereby through a few extra copies, not exceeding twenty-five, of Club volumes deemed suitable for the purpose, and placed at the disposal of the University, a series of inter-academic publications might be initiated, suited for interchange with foreign Universities and Academies, and entitling the University to receive on a principle of reciprocity the oft-times very valuable publications of those foreign Universities and Academies. It is understood that the University contemplates organising in the near future a series of such issues, or what are called "occasional volumes," in a twofold division, of (1) historical and literary or philological researches, and (2) of scientific and medical investigations; and it is believed that such a volume as that now forthcoming from the New Spalding Club, of *The Place Names of West Aberdeenshire*, dealing with philologic matter of wide historic interest, would find an appropriate place in one or other section of such a series, and form an excellent example of the kind of volume which by a system of exchange would bring to the University far more than its equivalent in value. It would of course be necessary to secure that such extra copies be in different binding, and on other paper than that employed by the Club, that they be distributed "out-with the bounds of Britain," and that the University, if so availing itself, shall bear the cost price of production of such number of extra copies.

The Council, having heard the proposal, expressed

approval of the same in its general outline, as one likely to increase largely the resources of the University Library, and resolved to recommend the same for the favourable consideration of the members of the Club at its Annual Meeting, the Principal undertaking to give notice of motion in such terms as might secure such modification of Rule 10 as may be needed, in order to give effect to the proposal.\*

The Council would acknowledge their continued obligation to the Society of Advocates for permitting the Annual General Meeting of the Club to be held in the Society's Hall; and to the Public Library Committee, and the Curator of the University Library, for granting the use of rooms for Committee Meetings.

## TWELFTH REPORT BY THE COUNCIL.

*Approved at the Twelfth Annual General Meeting of the New Spalding Club, held on Wednesday, 28th December, 1898, at 2.30 p.m.*

SINCE the last General Meeting of the Club, held on Wednesday, 29th December, 1897, there has been issued to members :—

FASTI ACADEMIÆ MARISCALLANÆ: Selections from the Records of the Marischal College and University. Edited by the Secretary. Vol. II.: Officers, Graduates and Alumni. (Pp. xxii. + 596, with thirteen plates.)

In connection with the publication of the Second Volume of the FASTI, the Council deems it proper to put on record a resolution unanimously adopted, on the 3rd inst., by the Senatus Academicus of the University of Aberdeen :—

“The Senatus desires cordially to acknowledge the distinguished service rendered by the New Spalding Club in including among their issues the series of Volumes relating to the Fasti of both Colleges, and presenting an admirable contribution to Academic History, viz., the Volumes entitled *King's College Officers and Graduates*, of date 1893, and *Records of Marischal College and University*, Vol. I., 1889, and Vol. II., 1898. The Senatus desires to recognise in particular the eminent services of the Secretary of

the Club, who has bestowed immense labour on the editing of those records, and to congratulate him on the success of his loyal efforts to illustrate the annals of his *Alma Mater*."

It was arranged, it will be remembered, that the FASTI, Volume II. should form, because of its bulk, the single issue for 1897. A very elaborate Index has been prepared as a labour of love by Mr. Kellas Johnstone. The Editorial Committee decided that it was inadvisable to include this Index, extending to about 200 pages, in the already bulky Volume II.; and it will accordingly be bound separately and delivered to members with the book next ready for issue. It will contain the coloured plate of the Heraldic Ceiling in Old Marischal College, reproduced for the Club in 1890 by the late Dr. Francis Edmond.

FASTI ACADEMIÆ MARISCALLANAE. Vol. III.: Index to Vol. II. Compiled by J. F. Kellas Johnstone. (Pp. 196 + viii., with three plates.)

It is matter of regret that it has been found impossible to issue within the year 1898 either of the two works which the Council in its last Report expected to be able to distribute as the issues for that year; and we can only report progress as follows regarding these works which are passing slowly through the press:—

THE PLACE NAMES OF WEST ABERDEENSHIRE. Prepared by the late James Macdonald, Huntly. As formerly explained, the printing of this volume was delayed by the death of Mr. Macdonald in 1897. The proofs are being read by Mr. Macdonald's nephew, Mr. Charles Edward Troup, C.B., and by Professor Mackinnon of the Celtic Chair in Edinburgh University.

RECORDS OF OLD ABERDEEN. Edited by Alexander M. Munro. Vol. I., containing Charters and other Writs affecting the Burgh, 1489- ; Extracts from the Town Council Minutes, 1602- ; Extracts from the Burgh Accounts, 1660- ; the Burgess Roll; the Honorary Burgess Roll; Extracts from the Merchant Society's Records, 1686- ; Extracts from the Records of the Trades, Hammermen, Weavers, etc., 1616- . The second volume will contain: Extracts from the Kirk Session Records; Charters, etc., relating to Ecclesiastical foundations other than the Cathedral; Monumental and other inscriptions in Churches and Churchyards; Extracts from Records of the Hospitals of Old Aberdeen; Extracts from Miscellaneous Papers treating of the Burgh.

There are also now ready for the press two other works which, in last Report, were provisionally indicated as the issues for 1899:—

HISTORICAL AND ESTATE RECORDS OF INVERCAULD. Edited by the Rev. J. G. Michie, M.A. A selection from the papers in the Invercauld Charter Chest, including many documents relating to the Forty-Five.

THE DIARY OF THE SCOTS COLLEGE AT DOUAL. Edited by the Rev. W. Forbes Leith, S.J.

A considerable portion of a HISTORY OF THE FAMILY OF BURNETT (dealing with the main line of Leys) was prepared for the Club by the late George Burnett, LL.D., Lyon King of Arms. The Council are now glad to be able to intimate that Colonel Allardyce has undertaken the task of editing the Lyon's MS., and adding details as to the Kemnay and Monboddo branches of the family. This, it is hoped, will form part of the issues for 1900.

Sir Thomas Burnett of Leys, Bart., who has shown much interest in the publication of his kinsman's work, has generously promised to incur extra expense for illustrations, etc., which might add to the value and enhance the appearance of the volume. It was at one time the intention of the late Lyon to incorporate in the Family History a selection from the correspondence of Thomas Burnett of Kemnay with the Electress Sophia, the philosopher Leibnitz, and others, preserved in the Staats-Archiv at Hanover. Through the courteous intervention of Sir Mountstuart Grant Duff, who used his kind offices with the British Embassy at Berlin, permission was obtained from the German Government to examine the letters; and Mr. Robert S. Rait, of New College, Oxford, a member of the Club, visited Hanover in August last. Mr. Rait has submitted to the Council a very full report on the Burnett correspondence. While indicating that the letters possess much interest, political, philosophical and literary, Mr. Rait deprecates their insertion in a Family History, and suggests in preference their inclusion, either in a volume of *Miscellanies*, or in a volume of Correspondence of the Electress Sophia with regard to the British Succession—a work which, in such a form, might scarcely be considered to come within the sphere of the Club. The Editorial Committee has approved the non-inclusion of these letters in the volume to be edited by Colonel Allardyce.

By agreement with the executrix of the late Dr. Walter Gregor, his manuscripts dealing with the FOLK-LORE OF NORTH-EASTERN SCOTLAND have been placed for examination in the hands of the Rev. Mr. Reid, Minister of Balmaghie. Should Mr. Reid consider them suitable for publication by the New Spalding Club, a Member of the Club has generously offered to defray the cost of acquiring the manuscripts from Dr. Gregor's executrix.

Two other possible works, falling within the scope of the

Club's operations, have been suggested to the Council, and will be duly considered by the Editorial Committee, as soon as more definite information is forthcoming as to their probable extent.

Mr. David Littlejohn, Sheriff-Clerk, believes that materials exist for a book which might be generally described as *THE SHERIFFDOM OF ABERDEEN*: Matters of interest in connection therewith, taken from the Records of the Court and other sources. This might include an account of the Heritable office of Sheriff, and of the other offices of the Sheriffdom, with a chronological List of the various officers who have from time to time carried on the work; an account of the Fiars, which go back in the Sheriff Court to 1604; selections from early criminal trials, and from proceedings of Head Courts; elections of Commissioners to the Scottish Parliaments, etc.

Mr. John Malcolm Bulloch, whose excursions in the domain of Gordon genealogy have recently attracted considerable attention, urges on the Council that the Club should aspire to produce an exhaustive *HISTORY OF THE HOUSE OF GORDON*. Such a work has indeed been on the programme of the Club since the Second Report by the Council, dated 1888, and was spoken of at the initial meeting of the original Spalding Club in 1839; but it is one which it seems to be impossible for any one man to overtake within a reasonable time, and which would be feasible only by co-operation of experts in the different branches of the family, subject to the direction of a general editor. Mr. Bulloch points out that the story of the Gordons is practically the story of Northern Scotland for 500 years, and that the vitality and far-reaching power of the family and the extraordinarily active part they have played in the affairs of Europe would cause the work to be, not a dull series of genealogical data, but a genuine contribution to history.

Other works on the programme of the Club are :—

BIBLIOGRAPHY OF THE SHIRES OF ABERDEEN, BANFF AND KINCARDINE. Edited by A. W. Robertson, M.A., and J. F. Kellas Johnstone. A sub-Committee appointed to confer with the Editors regarding the scope and arrangement of this work, submitted a report, which was approved by the Editorial Committee. Under this report, the inclusion of books will depend upon their Subject, or their Publisher, or their Author ; and the book will be divided into two parts, Part I., a chronological and bibliographical catalogue, and Part II., an abbreviated alphabetical list, serving as an Author Index to Part I., and including books not falling within the province of Part I. These will be followed by Indexes of Publishers, of Printers, of Titles of anonymous books, and of Subjects.

The Treasurer reports £520 12s. 10d. of receipts during the past year, and £487 9s. 4d. of expenditure ; distributed as shown in the Abstract appended to this Report. The Club has now been in existence for twelve years, the inaugural meeting having been held on 11th November, 1886 ; and it may be of interest

to note that the total receipts during that period amount to £6599 14s. 4d. (including £73 10s. from Life Members); the total expenditure amounts to £5748 5s. 7d.

The death roll of the Club during the past year has been exceptionally heavy, no fewer than twenty names falling to be removed from the list of members, *viz.*, Mr. John Campbell, Edinburgh; Mr. Alexander Collie, Harlaw House; Mr. George Cooper, Aberdeen, who for many years acted as one of the auditors of the Club; Mr. John Crombie, junior, Danestone; Mr. Peter Duguid of Bourtie; Mr. John Ritchie Findlay of Aberlour; Mr. James Florence, Aberdeen; Mr. Clement W. R. Gordon, Banff; Mr. John Keith, Aberdeen; Sir Henry C. Macandrew, Inverness; the Right Rev. Bishop Hugh Macdonald, Aberdeen; the Rev. Nicholas K. Macleod, Ellon; Mr. A. W. Martin, Aberdeen; Mr. James Matthews of Springhill, LL.D., a member of the Council; Mr. Alexander Milne, solicitor, Aberdeen; Mr. Thomas Morrison, LL.D., Glasgow; the Rev. George Proctor, Kemnay; Mr. Charles Robertson, Indian Civil Service, Edinburgh; Mr. David Taylor, Aberdeen; the Rev. John Woodward, LL.D., Montrose, a member of the Council and of the Editorial Committee. The places rendered vacant by some of these deaths have been filled by representatives of the deceased members, but other vacancies admit of the accession of new members.

The Council would acknowledge its continued obligation to the Society of Advocates for permitting the Annual General Meeting of the Club to be held in the Society's Hall; and to the Public Library Committee, and the Curator of the University Library, for granting the use of rooms for Committee Meetings.

The Council cannot conclude its Report without expressing the pleasure it feels under the announcement that Lord Aberdeen intends to be present and to preside at the forthcoming meeting of the Club. It is a great satisfaction to be able to

witness his Lordship again in the Presidential Chair of the Club which he did so much to inaugurate, and to congratulate him on the successful completion of those high and august functions as Governor-General of Canada, which detained him for a long period on the other side of the Atlantic. The Club feels a reflex honour in the distinction of its Chief, and anticipates from his renewed presence fresh encouragement and added stimulus in its sphere of operations.
